

CHITTRA PRIYA K

Full Stack (MERN) Developer

 Ranipet-Vellore, Tamil Nadu, India |  +91-9500597042 |  krcpriya@gmail.com
 linkedin.com/in/chittra-priya-k-136b77134 |  GitHub: github.com/ChittraPriya |  Portfolio: chittrapriya.netlify.app

PROFESSIONAL SUMMARY

Creative and detail-oriented MERN Stack Developer with hands-on experience building real-world web applications. Strong in designing responsive UIs, integrating APIs, and developing scalable backend systems. Passionate about creating modern, user-friendly applications with clean and efficient code.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Framer Motion

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Concepts: React Hook, CRUD, Authentication, API Integration, Responsive web Applications, Axios, Redux, React Router

Tools & Technologies: Git, GitHub, REST APIs, Vite, Vercel, Render, VS Code, Postman, Figma

PROJECTS

Real-Time News Application (MERN Stack)

 GitHub: <https://github.com/ChittraPriya/Real-TimeNews-App>

 Live: <https://real-timenews.netlify.app/>

Developed a real-time news application that fetches and displays live news updates using external APIs, enabling users to access categorized and up-to-date content. Implemented dynamic filtering, responsive UI design, and optimized data rendering to ensure smooth performance and a seamless user experience across all devices.

Resume Generator (MERN Stack)

 GitHub: <https://github.com/ChittraPriya/ResumeBuilder>

 Live: <https://resume-builder-seven-beta-45.vercel.app/>

Built a dynamic resume generator web application that allows users to create professional resumes through an interactive form-based system with live preview functionality. Implemented structured data handling, form validation, and export-ready resume generation, ensuring a smooth and user-friendly experience for creating professional documents efficiently.

Car Booking System (MERN Stack)

 GitHub: <https://github.com/ChittraPriya/Frontend-Cars>

Developed a full-featured car booking platform with efficient user and booking management, implementing a smooth end-to-end booking workflow and intuitive UI for an enhanced user experience. Designed and built a responsive frontend using modern UI practices, ensuring high performance, usability, and clean, maintainable code.

EXPERIENCE

Full Stack Developer (MERN) – Project Experience

Self-Initiated Projects | 2025 – Present

Developed multiple full-stack web applications using the MERN stack, focusing on real-world functionality, responsive UI design, and API integration. Built scalable frontend and backend systems with authentication, CRUD operations, and dynamic data handling. Gained hands-on experience in designing user-centric applications, managing state with Redux, and integrating third-party APIs to enhance application functionality.

Branch Relationship Manager – INNOV SOURCE PRIVATE LIMITED

Sales | [Jan 2018] – [Feb-2022]

Handled banking sales operations including credit card acquisition, SBI loan documentation processing, and customer account services. Collaborated with bank officials to ensure accurate and timely processing of financial applications while maintaining compliance standards. Strengthened client relationships, resolved customer queries efficiently, and consistently achieved sales and service targets in a high-performance environment.

EDUCATION

Bachelor's Degree in [ELECTRICAL AND ELECTRONICS ENGINEERING]

Arunai Engineering College, Tiruvannamalai, Tamil Nadu

[2013] – [2017]

CERTIFICATES

Full Stack (MERN) Developer | Issued By: GUVI | HCL | Issue Date : April 2026

MERN Stack Developer | Issued By: Null Class Ed Tech Pvt Limited | Issue Date : May 2025

ADDITIONAL INFORMATION

- Open to Full Stack Developer (MERN) / Frontend Developer roles
- Interested in building scalable and user-friendly web applications
- Strong passion for continuous learning and improving coding skills
